EXPERIENCE

05/2024 – Present
Mathura, India

Full Stack Developer in Kalp Research Work
Kalpresearchwork.com, Kalpsquadgroup.com
- This is the website under which three projects work. These projects are Kalp Research Work, Kalp Laboratories, Journal of Medical & Applied Science (for paper publication).
- Developed and designed this website by using Wordpress and its plugins like Elementor, WP Forms, Essential Addons etc.

06/2021 – 08/2022
Mathura, UP

Frontend Developer in MP2IT
Wrirk.com
- It is a website that provides Academic research paper writing assistance For Ph.D. Students.
- I contributed to this website by designing the web pages of this website with the use of programming languages like ReactJs, HTML, CSS, NodeJs, Bootstrap 4 and Semantic-UI.

02/2021 – 05/2021
Mathura, UP

Frontend Developer
SCS Pvt. Ltd.
- Designed and developed the website using react Js. HTML, CSS, Bootstrap.

INTERNSHIP

10/2023 – 01/2024
Noida, UP

Digital Marketing in RM Group of Education
Edufever.com, Blog.rmgroup.in
- It is a website that supports students to get admission in the MBBS, MD, MS and other medical courses and diploma world widely.
- My contribution to this website is to create and update the SEO optimized content for its web pages by using the SEO terms like Keyword Density, Focus Keyword, Meta Description, Title, Heading, Paragraphs, optimized images, keywords etc.
